To Whom It May Concern

This is a letter of recommendation for Unique Estates, a real estate company in Sofia/Bulgaria.

For several years, the Embassy of the Federal Republic of Germany has been employing the services of Unique Estates to find rental accommodation for newly deployed staff. All of the company's agents have been extremely helpful by listening to her clients' demands and needs and, thus, showing a wide selection of units that are really of interest to the future tenant.

The formal processes with the signing of the lease and the arrangements for the security deposit were always performed flawlessly and in a speedy fashion. Therefore, all of the Embassy's staff who have found their housing through Unique Estates are extremely satisfied with their accommodation, which is a major part of feeling at home in a new city.

The Embassy of the Federal Republic of Germany, therefore, fully endorses and recommends Unique Estates for representation in real estate matters.

Sincerely,

Armin Matheis
First Secretary (Head of Administration)
